FOR IMMEDIATE RELEASE

Friendly Fires Donates Fireplace to PRHC Palliative Care Unit

PETERBOROUGH, ON – February 2009 – Friendly Fires announced today that it has donated a fireplace to the Peterborough Regional Health Centre (PRHC). The team at Friendly Fires recognizes the importance of a welcoming hospital environment and wanted to contribute in achieving this goal.

The new fireplace has been installed in the family waiting room of the Palliative Care Unit. Patients are referred to the Palliative Care Unit most frequently for pain and symptom management, with the eventual goal of having the patients go home. The newly installed fireplace helps make the family waiting room more warm and inviting for families going through challenging times.

About Friendly Fires
